Customer Reviews

Seriously? We have this question again about where to go or what to do? Page back in my annual reviews. I've owned this guide and every new version for over a decade. This is the single best global guide there is. Period. Sure--there is google. Try that on your next trip. LOL. I've said this several times. I've removed underwear to pack this guidebook. I never jump the globe without it (of course until the new one is released--usually April-ish each year). This is so cheap....it's under 2 drinks in any upper class global club! Have fun!!!

The book is inclusive of many hotels, restaurants, bars, etc. The content of 1,300 pages is way exaggerated as each listing is translated into 5 different languages. Would have been much better/concise/convenient to sell a single edition of 250 pages for each language. There are also a multitude of advertisements throughout. If I were receiving the info for free the ads would be understandable, but to pay upwards of thirty US and be inundated with ads- ugh! Worse of all, the print is close to microscopic; about a size 4-5 font. One has to literally pull out a magnifying glass to peruse the book. IMO, the book is a waste of money and the content would have been much better published through a .pdf file to view (and zoom) on an ipad or even a subscription to an app. Was going to purchase other Spartacus pubs, but no way in hell after this one!

Excellent Book for the Gay traveler. A Must read.
