I had picked the book: â œWeight Loss: 60 Delicious Ketogenic Diet Recipes: 30 Days of Dinner & Dessert + FREE Guide (Ketogenic Cookbook, High Fat Low Carb, Keto Diet, Weight Loss, Epilepsy, Diabetes)â • just out of curiosity; but was pleasantly surprised to go through it. It is an attention-grabbing book for those who want to try high-fat, low-carb weight loss diet. The Ketogenic diet is well explained, leading the reader to understand their body which, according to the author, is a fat-burning furnace and helps create an optimal state of being. A great read to ditch fad diets and turn to a proven solution which does not sacrifice taste or enjoyment of eating, like most diets of the world do. And to top it all, 60 Easy to follow Ketogenic Recipes! Dinners, desserts and nutritional information included. And also an exact calorie count broken down into fat, carbs and protein to ensure you stay on track for your macros. Wow, I absolutely loved them and am even out to try some of them. I recommend this book not only to diet watchers, but to readers in general. We all need to take care once in a while of our body!

It is fascinating to realize that there are sheltered strides or systems to shed pounds and in the meantime to have a solid eating regimen. Various formulas including the quantity of calories, fats, starches that the formula gives is very much exhibited in the book. The Ketogenic eating regimen is all around clarified, driving the peruser to comprehend their body which, as indicated by the creator, is a fat-blazing heater and makes an ideal condition of being. Overall the book is elegantly composed and straightforward furthermore formulas are anything but difficult to cook.

This book has made me realized the importance of Ketogenic diet. I think that I am fit for ketogenic diet thatâ™s why I like this book. I enjoyed reading every detail of this material. In fact, I have known new routines to lose weight with this kind of diet by eating the right food and meal especially during dinner. It is interesting to know that there are safe steps or techniques to lose weight and at the same time to have a healthy diet. Though I would say that these steps are effortful. One must be really be patient in following these effective ways to have a healthy and fit body. The author did a good job in writing this piece.

Many of the recipes are quite intriguing and I have noted to try some of them when I have a special occasion for that. The additional tips at the beginning of each recipe were extremely helpful. E.g. adding a dash of ground coffee before making mocha ice cream. In fact, butterscotch ice cream recipe proposes to add vodka. So strange for a keto diet recipe... The book is still nice, but it would be even better if the author adds the photos.
