## Customer Reviews

The book was received in excellent condition. Overall I Like Hibbeler textbooks as they are well written and clearly explained.

The book was what I needed and was way cheaper than through my schools bookstore.

Excellent!

Dr. Hibbeler is a very good man. I took him for both Statics and Dynamics. His books are excellent! They have plenty of example problems in each chapter and solutions to ALL other problems in the back of the book.

Excellent product
