Surveying And Restoring Classic Boats

Synopsis

Both power and sailing crafts are discussed, as are a wide variety of boatbuilding materials from traditional as well as high tech wood construction, to fiberglass, steel and alloy. Engines and rigs come under scrutiny, and the important matters of storage and finance are also examined. This practical reference book will be invaluable for anyone buying, selling, or restoring classic boats.

Book Information

Hardcover: 200 pages

Publisher: Sheridan House (September 1, 1998)

Customer Reviews

I found the book to be interesting and informative it covered the practicalities of surveying and what a survey entails. I would recomend this book to purchasers who have some knowledge of boat construction.
