Modern Algeria, Second Edition: The Origins And Development Of A Nation

Synopsis

Praise for the first edition: "[E]ssential reading for Maghreb specialists as well as for anyone interested in issues of nation-building and political culture in Africa." •Africa Today"[T]he best and most comprehensive history of modern Algeria in English." •Digest of Middle East Studies"[A] thoughtful and much-needed introductory historical analysis of Algeria." •ChoiceThe second edition of Modern Algeria brings readers up to date with the outcome of the 2004 Algerian elections. Providing thorough coverage of the 1990s and the end of the Algerian Civil War, it addresses issues such as secularist struggles against fundamentalist Islam, ethnic and regional distinctions, gender, language, the evolution of popular culture, and political and economic relationships with France and the expatriate community. Updated information on resources enhances the usefulness of this popular textbook that has become a standard in the field.

Customer Reviews

Ruedy builds his history of modern Algeria the old-fashioned way, from the ground up, focusing on economic and social movements and the rise of the Algerian nationalist movement. He is especially strong on the disastrous economic and social effects of the 130-year French occupation and the way in which these disruptions paved the way for modern Algerian nationalism. Readers who are suspicious of state-based nationalisms will no doubt question the overarching narrative, with its focus on the inexorable rise of an Algerian nation-state; still, Ruedy makes a compelling case that the nationalist paradigm of Algerian history has a lot going for it. This book should be a standard reference for anyone interested in Algerian history or politics.

Had this book as one of three primary survey books in a course dedicated to a survey of the Maghreb since 1945. It's not particularly penetrative of what sorts of hard questions historians of the subject are going to pursue in more specific projects. It sometimes provided an oversimplified take of a particular instance that was remarkably complex...as any survey book will ultimately do.

This book will help you understand the early formation of political terrorist groups as well as give you insights into Algeria, which is a really interesting country.
