## **Customer Reviews**

I was one of those extremely heavy compulsive smokers (2-3 packs/day for almost 25 years), who had tried and failed to quit many times, until I tried the cassette tape version of this CD 27 years ago. I used it faithfully every day for about a month, by listening to the spoken side during the day, then at bedtime using headphones to start the subliminal side as I went to sleep, leaving it up to the tape and my subconscious. It worked like a charm, and I was able to quit far more easily than I or anyone who knew me expected. Many years later, when my sister was ready to quit, she used this CD and had the same successful experience. We both recommend it very highly.

Well it may be ok for some women, light smokers. It is only half subliminal. It is more like a peptalk, for smokers with low selfesteem. Didn't help a 2pk a day 25yr smoker at all.

I used this CD every day for 2 weeks like it said, and I noticed less withdrawl symptoms and

cravings than I had on previous attempts to quit smoking. I also listened to the music part alone throughout the day. I listened to the whole thing & did the visualization part before bed. I have recommended this CD to friends, and recommend to anyone who has an open mind about subliminal messages & the like. I smoked 1 to 1&1/2 packs a day before deciding to quit.
